

## Corrections to *Phytotaxa* 197: A revised delimitation of the rattan genus *Calamus* (Arecaceae)

WILLIAM J. BAKER

Royal Botanic Gardens, Kew, Richmond, Surrey, TW9 3AB, United Kingdom, [w.baker@kew.org](mailto:w.baker@kew.org)

In *Phytotaxa* 197 (Baker 2015), I placed the rattan genera *Ceratolobus* Blume (in Schultes & Schultes 1830: lxxx), *Daemonorops* Blume (in Schultes & Schultes 1830: 1333) and *Pogonotium* Dransfield (1980: 763) in synonymy with *Calamus* Linnaeus (1753: 325). Subsequently, two nomenclatural errors and one overlooked synonym have been drawn to my attention. These are corrected here.

### *Calamus luteus* W.J.Baker, *nom. nov.*

*Daemonorops aurea* Renuka & Vijayak., *Rheedea* 4: 122 (1994), *Calamus aureus* (Renuka & Vijayak) W.J.Baker, *Phytotaxa* 197: 141 (2015), *nom. illeg.*, non *Calamus aureus* Reinw. ex Mart., *Hist. Nat. Palm.* 3: 341 (1853).

**Note:**—In making a new combination for *Daemonorops aurea* Renuka & Vijayak., a homonym, *Calamus aureus* (Renuka & Vijayak) W.J.Baker, was created (Baker 2015), *Calamus aureus* Reinw. ex Mart. having been overlooked. To correct this, a replacement name, *Calamus luteus* W.J.Baker, is made here.

### *Calamus jenkinsianus* Griff., *Calcutta J. Nat. Hist.* 5: 81 (1845).

*Daemonorops jenkinsiana* (Griff.) Mart., *Hist. Nat. Palm.* 3: 327 (1853), *Palmijuncus jenkinsianus* (Griff.) Kuntze, *Revis. Gen. Pl.* 2: 733 (1891).

*Calamus nutantiflorus* Griff., *Calcutta J. Nat. Hist.* 5: 79 (1845), *Daemonorops nutantiflora* (Griff.) Mart., *Hist. Nat. Palm.* 3: 326 (1853), *Palmijuncus nutantiflorus* (Griff.) Kuntze, *Revis. Gen. Pl.* 2: 732 (1891).

*Calamus margaritae* Hance, *J. Bot.* 12: 266 (1874), *Palmijuncus margaritae* (Hance) Kuntze, *Revis. Gen. Pl.* 2: 733 (1891), *Daemonorops margaritae* (Hance) Becc., *Rec. Bot. Surv. India* 2: 220 (1902).

*Daemonorops pierreana* Becc., *Rec. Bot. Surv. India* 2: 220 (1902).

*Daemonorops schmidtiana* Becc., *Bot. Tidsskr.* 29: 98 (1909).

*Daemonorops jenkinsiana* var. *tenasserimica* Becc., *Ann. Roy. Bot. Gard. (Calcutta)* 12(1): 44 (1911).

*Daemonorops margaritae* var. *palawanica* Becc., *Ann. Roy. Bot. Gard. (Calcutta)* 12(1): 57 (1911).

**Note:**—The synonymy provided in Baker (2015) for *Calamus jenkinsianus* Griff. omitted a synonym, *Daemonorops margaritae* var. *palawanica* Becc. Revised, complete synonymy for this species is given here.

### *Calamus hallierianus* (Becc. ex K.Heyne) W.J.Baker, *comb. nov.*

*Ceratolobus hallierianus* Becc. ex K.Heyne, *Nutt. Pl. Ned.-Ind.*: 93 (1913).

*Ceratolobus discolor* Becc., *Malesia* 3: 63 (1886), *Calamus ceratolobus* W.J.Baker, *Phytotaxa* 197: 150 (2015), *nom. illeg.*, non *Calamus discolor* Mart., *Hist. Nat. Palm.* 3: 212 (1838).

**Note:**—A superfluous name was created when a replacement name, *Calamus ceratolobus* W.J.Baker, was erected (Baker 2015) while including in synonymy an existing name, *Ceratolobus hallierianus*, which was already available for a new combination in *Calamus*. To correct this, a new combination, *Calamus hallierianus* (Becc. ex K.Heyne) W.J.Baker, is made here.

## Acknowledgements

I am grateful to Irina Belyaeva, Edwino Fernando, Rafaël Govaerts, R. Kottai Muthu and Ian Turner for drawing these errors to my attention and for nomenclatural advice. Martin Callmander and Nick Turland provided helpful reviews of the manuscript.
