**Erratum: Gómez-Montoya, N., Drechsler-Santos, E.R., Ferreira-Lopes, V., Tomšovský, M., Urcelay, C. & Robledo, G.L. (2017) New insights on *Trametopsis* Tomšovský (Polyporales Gäum) based on phylogenetic evidences and morphological analyses of neotropical species. *Phytotaxa* 311 (2): 155–167.**

Phylogenetic analyses presented here slightly differ from that shown in the paper. In addition, the new species name is not *Trametopsis fulvenas*, it is *Trametopsis aborigena* as shown here.

The correct Phylogenetic analyses are shown as below.

**FIGURE 1.** Best-scored tree representing the phylogenetic relationships based on ITS and LSU rDNA. Bayesian Inference, Maximum Parsimony and Maximum Likelihood support values are given above the branches.
