2a. Acknowledgement information should be changed from:

This scholastic output is a part of the CONServe KAIGANGAN, a biodiversity program led by the University of the Philippines Los Baños and funded by the Department of Science and Technology (DOST) through the Grants-in-Aid (GIA) program. The authors would like to express their sincere gratitude to the Samar Island Natural Park (SINP) PAMB, DENR Region 8, for issuing the gratuitous permit (DENR-GP No. 2020-10) and Wildlife transport permit (2021-01), to the People's Organization, Basaranan Nga Organisasyon han San Isidro (BOSIS), for their assistance and hospitality. In addition, the authors would like to thank the Institute of Biological Sciences, UPLB for the use of the Plant Systematics Laboratory as office and working space for the program.
